Request for Private Student Loan Certification
Summer 2015

Certification of private student loans is based on the cost of attendance for your planned enrollment. For students not admitted to a degree or Health Careers program, private student loan certifications will be limited to a maximum of three semesters, not to exceed a total of $25,000. Private student loans are primarily intended to cover tuition and fees, books and transportation, and are designed to be a supplement to your other financial resources.

Private student loans may not be certified for students who are not in good academic standing.

To apply and receive loan certification you must:
1. complete the lender’s loan application using the school code: 00215503
2. receive approval following a credit check and data verification by the lender
3. complete and submit this form to Student Financial Services
4. receive confirmation from Student Financial Services regarding the loan amount that will be certified

The loan certification process may take up to two weeks. Additional processing time may be required by your lender.

In order for you to be able to use your anticipated loan funds to register before the end of the late registration period, Student Financial Services must receive both this form and your loan approval one week prior to first day of classes.

Student Financial Services certifies the following for your lender:
• your enrollment plans
• that the amount you requested fits within the standard cost of attendance for your planned enrollment

Once your loan is certified:
