Request for Private Student Loan Certification
Academic Year 2018-19

Certification of private student loans is based on the cost of attendance for your planned enrollment. For students not admitted to a degree or Premedical program, private student loan certifications will be limited to a maximum of three semesters, not to exceed a total of $25,000 for students seeking a degree, and $15,000 for students seeking a professional certificate. Private student loans are primarily intended to cover tuition and fees, books and transportation, and are designed to be a supplement to your other financial resources.

Private student loans may not be certified for students who are not in good academic standing. To be eligible and maintain eligibility for private student loan certification, you must complete at least half of the courses you attempt with the following grade minimum: B for undergraduate/graduate students; B-minus for Premedical students.

To apply and receive loan certification you must:
1. complete the lender's loan application using the school code: 00215503
2. receive approval following a credit check and data verification by the lender
3. complete and submit this form to Student Financial Services
4. receive confirmation from Student Financial Services regarding the loan amount that will be certified

The loan certification process may take up to two weeks. Additional processing time may be required by your lender. In order for you to be able to use your anticipated loan funds to register before the end of the late registration period, Student Financial Services must receive both this form and your loan approval by the first day of classes.

Student Financial Services certifies the following for your lender:
- your enrollment plans
- that the loan amount you requested fits within the standard cost of attendance for your planned enrollment

2018-19 standard cost of attendance budget for enrollment of half time (8 credits per term) or more.

Once your loan is certified:
- Review your student account online at extension.harvard.edu. Funds will appear either as a credit to your student account or as an anticipated credit, which allows you to register.
- Changing your enrollment may impact your loan eligibility.
